

Shaping the future of our Parish

In business in Nuthurst Parish?

Working from home or premises.

We need you to come along for an hour and have a chat on how you are finding working in the Parish, what concerns you have.

Is the post an issue? Do we need to improve travel, what more could be done to better our communication facilities. What are your views on the local economy?

Is there anything that hinders the smooth running of your business?

We need to talk, maybe we could help through our **Neighbourhood Plan**.
