

Sites for consideration for possible inclusion in the Neighbourhood Plan

The following sites will be subjected to an initial consideration at one of the special meetings of Nuthurst Parish Council's Neighbourhood Plan Steering Committee on 13 or 15 May 2014 in Mannings Heath Village Hall commencing at 7 pm.

The following sites have:

- been put forward by land owners or their agents in response to the Steering Committee's "call for possible development sites"; or
- been suggested by residents in their responses to the Housing Needs Survey conducted by the Parish Council's consultants, Action in rural Sussex (AirS), **and the land owners have agreed to their land being considered for development;** or
- been included as "developable" in Horsham District Council's recently published Strategic Housing Land Availability Assessment (SHLAA).

All of these landowners have been invited to present their proposals for development at one of the above meetings. Not all landowners have agreed to do this. Following the meetings, the Steering Committee with advice from AirS will assess the proposals against policies and criteria currently being developed from the Stakeholders' Planning Workshop held on 30 April 2014. As this process will be done carefully, it will take some time to complete.

Landowner Presentations

The allocated times give each Landowner 10 minutes for their presentation followed by 10 minutes of questions from the Neighbourhood Plan Steering Committee and Public on the specific site proposal. The 10 minute slots are for the written submissions.

List of Potential Sites

Site	Description of Site	Presentation	
		13 May	15 May
1	Swallowfield Nursery (from SHLAA), Church Road, Mannings Heath	19.10
